Index to 1989 volume

Authors and titles

African honeybee in Peru: an insect invader and its impact on beekeeping (Kent), 237–257

Agriculture and environment in the Mourne Area of Outstanding Natural Beauty (Cooper *et al.*), 35–56

Agriculture and water quality: a preliminary examination of the Jersey nitrate problem (Foster *et al.*), 94–113

Archibold, O. W., *see* Weichel, B. J.

Assessing land suitability and yield potential for coconuts in Tanzania (Ngowi and Stocking), 21–33

Briggs, D. J. and Mounsey, H. Integrating land resource data into a European geographical information system, 5–20

Cooper, A., Murray, R. and Warnock, S. Agriculture and environment in the Mourne Area of Outstanding Natural Beauty, 35–56

Counteracting soil erosion in Poland (Mazurski), 115–121

DeMers, M. N. The importance of site assessment in land use planning: a re-examination of the SCS LESA model, 287–303

Developing a geographical information system (GIS) for agricultural development in Belize, Central America (Robinson *et al.*), 81–94

Ebisemiju, F. S. Patterns of stream channel response to urbanization in the humid tropics and their implications for land use planning, 273–286

Evaluation of habitat potential for wild rice (*Zizania palustris* L.) in northern Saskatchewan (Weichel and Archibold), 161–175

Experimenting with environmental design research in Canada's newest mining town (Gill), 177–195

Foster, I. D. L., Ilbery, B. W. and Hinton, M. A. Agriculture and water quality: a preliminary examination of the Jersey nitrate problem, 95–113

Furley, P. A., *see* Robinson, G. M.

Gill, A. M. Experimenting with environmental design research in Canada's newest mining town, 177–195

Gray, D. A., *see* Robinson, G. M.

Healey, R. G., *see* Robinson, G. M.

Hinkel, K. M. Wood burning for residential space heating in the United States, 259–272

Hinton, M. A., *see* Foster, I. D. L.

Ilbery, B. W., *see* Foster, I. D. L.

Importance of site assessment in land use planning: a re-examination of the SCS LESA model (DeMers), 287–303

Integrated resource management and the Hunter Valley Conservation Trust, NSW, Australia (Mitchell and Pigram), 197–212

Integrating land resource data into a European geographical information system (Briggs and Mounsey), 5–20

Kent, R. B. The African honeybee in Peru: an insect invader and its impact on beekeeping, 237–257

Mazurski, K. R. Counteracting soil erosion in Poland, 115–121

Mitchell, B. and Pigram, J. J. Integrated resource management and the Hunter Valley Conservation Trust, NSW, Australia, 197–212

Mounsey, H., *see* Briggs, D. J.

Murray, R., *see* Cooper, A.

Ngowi, J. and Stocking, M. Assessing land suitability for coconuts in Tanzania, 21–33

Nortcliff, S. A review of soil and soil-related constraints to development in Amazonia, 147–160

Okafor, S. I. The population factor in public service provision in Nigeria, 123–133

Omiunu, F. G. I. The port factor in the growth and decline of Warri and Sapele townships in the western Niger Delta region, 57–69

Patterns of stream channel response to urbanization in the humid tropics and their implications for land use planning (Ebisemiju), 273–286

Phillips, J. D. Predicting minimum achievable soil loss in developing countries, 219–236

Pigram, J. J., *see* Mitchell, B.

Population factor in public service provision in Nigeria (Okafor), 123–133

Port factor in the growth and decline of Warri and Sapele townships in the western Niger Delta region (Omiunu), 57–69

Predicting minimum achievable soil loss in developing countries (Phillips), 219–236

Review of soil and soil-related constraints to development in Amazonia (Nortcliff), 147–160

Robinson, G. M., Gray, D. A., Healey, R. G. and Furley, P. A. Developing a geographical information system (GIS) for agricultural development in Belize, Central America, 81–94
Stocking, M., *see* Ngowi, J.
Warnock, S., *see* Cooper, A.
Weichel, B. J. and Archibold, O. W. An evaluation of habitat potential for wild rice (*Zizania palustris* L.) in northern Saskatchewan, 161–175
Wood burning for residential space heating in the United States (Hinkel), 259–272

Books reviewed

Beaumont, P., Blake, G. H. and Wagstaff, J. M. *The Middle East* (H. R. J. Davies), 74
Blong, R. and Aislable, C. *The impact of volcanic hazards at Rabaul, Papua New Guinea* (C. Clapperton), 136
